Actions

- [A] - Find your pulse on your wrist. Count from 1-100 in time with your pulse as accurately as possible.
- [B] - Quick star jumps. Not in time with the counting of [A]
- [C] - Describe how you would get home from where you currently are. Start each description at the same point and be roughly the same. Do not speed up, your description will become gradually truncated.

Actions [B] and [C] always follow [A] for their beginning and end.
